

Newsletter – March 2025

Colleagues

1. Meetings - Save the dates.

We now have two Section meetings arranged for 2025.

Section meeting at HSE Buxton, UK, on Thursday 15th May 2025.

We already have two presentations from **HSE** itself including one on the "Fit testing of CE marked ear loop respirators". We will have a speaker from **Network Rail** and other speakers are in the pipeline but **we have space for any member wanting to give a presentation**. Any volunteers to contact the Secretary at this Email. Further details to follow and bookings will open shortly when we have finalised the costs.

There is no theme to the meeting. There will be a tour of the HSE facilities after lunch.

ISRP Fit Testing Workshop, Ente Nazionale Italiano di Unificazione Offices, Milan Italy, Wednesday 8th October 2025.

The European Section of the International Society for Respiratory Protection (ISRP) are organising a Fit Testing Workshop in Milan, Italy, on 8th October 2025. Presentations are planned from the Italian Ministry of Health, HSE Buxton and BSIF.

There is also going to be an ISRP presence in **Poznań, Poland**, as part of the CBRNE Convergence Europe 2025 High-Intensity CBRN Conference, being held between the **24th and 26th June**. ISRP European Section and Falcon Communications are hosting a dedicated Joint Respiratory Protection Workshop as part of the conference. This is a chance to showcase our work to a wider audience. It was not possible to make this a stand-alone ISRP event but **there is a 30% reduction to the whole conference for ISRP members in good standing**. Details can be found at <https://www.eventora.com/en/Events/cbrne-poland25>

There is a code that can be used to get the 30% discount. The Secretary will, on request, send this code to Members in good standing for 2025 (including corporate members). Further information about the ticket types can be found on the booking form

If any of the delegates would also like to attend the workshop, please expand the PRE-CONFERENCE WORKSHOP option and select the number of tickets required to accompany the main Conference booking – these places are not free of charge and will be charged at the standard rate.

2. Call for New Chair of Section.

We announced David's intention of stepping down as our Chair in the autumn. **We need a volunteer to step into the role of Chair.** If you feel that you can take this role then contact the Secretary. The Vice-Chair post is vacant too, but we must first appoint a Chair. If there are more than one applicant the Secretary will organise an election.

3. Revision of Section By-Laws

The new By-Laws have been approved by 100% of the members who responded to my poll. There were a couple of textual clarifications suggested which have been incorporated. The revised document will be placed on isrp.com European area shortly.

4. Membership Registration Process for 2025 – Register Now.

I sent details of the new membership process last month. The details can be found at <https://www.isrp.com/european/european-news/european-january-2025-newsletter>.

7th March 2025

Professor Dave Crouch
chair@isrpeurope.com
Chair ISRP European Section

Dr Mike Williams
secretary@isrpeurope.com
Secretary ISRP European Section.
